New Easter Suits Are Out.

They're the snappiest ones you'll see and the best. Every idea that has been brought out to give clothes style, neatness and distinction has been faithfully worked in the

Mayer Sheur Offner Sterling Way.

Coats are shaped the least bit to the natural lines of the figure to give them grace and are just long enough to be smart and genteel. Single and double breasted, two and three piece suits as you like. Trousers are made medium and full peg top neither too loose or too tight. Medium and tropical weights in the neatest of stripes, checks, mixtures and blue serges.

We stamp our name on the inside coat pocket as guarantee that these clothes are right for style and wear.

Mr and Mrs Bedell Chancellor, and Mrs B C Sandige, of Lincoln, visited Mrs W J Hogan and Mrs Eliza H Ballard last week.

Miss Ethel West and her visitor, Miss Browning, of Winchester, Misses Betty West and Annie Herndon, of Lancaster, will be the guests of Miss Mayme Ballard Friday.

The following were on the "Honor Roll" at Miss Ison's school for last month. Misses Jennie Montgomery, Eva Vaughn Lawson, Pattie Belle Burke, Josephine Moss, Gladys Wells, Bessie Swope Lizzie Graham and Katie Barnes Dickerson. Masters Milton, Paul, Willie Mac and Francis Elliott, Andrew and Tommie Burke, Clay Coulter and Ernest Ballard.

Miss Alta Borer and Mr John Peters, of Mackville, drove to Burgin Wednesday afternoon and were married at the residence of the Rev P G Ross. Rev Ross performed the ceremony in a most impressive manner. The bride, who is a very popular and charming girl looked stunning in a blue tailored suit with hat to match. Miss Borer is the daughter of Mrs Josephine Borer and is well known in the county and will be greatly missed by a wide circle of friends. Mr Peters is a well known and prominent farmer and President of the Farmers Bank of Mackville. They were accompanied by Mr and Mrs John M Smith, of Mackville, and immediately after the ceremony left for the groom's

home at Mackville. Their many friends wish them every happiness.

Miss Jennie Burnside and Mr Charley Collier, of Middlesboro, were married Wednesday morning at the pretty country home of the bride's parents, Mr and Mrs James B Burnside. It was a very quiet, but beautiful wedding, only the immediate relatives of both families being present. Rev P J Ross performed the ceremony and immediately after the happy couple left for a short bridal trip after which they will be at home in Middlesboro, where Mr Collier is in business.

The bride is one of Garrard county's loveliest young women. She is handsome and attractive, very popular, and has a host of devoted friends and admirers in Central Kentucky where she is well known. She is a member of one of Kentucky's most prominent families and a graduate of Millersburg Female College.

Mr Collier, formerly of Lancaster, is now located at Middlesboro, and is a very popular young business man and has a host of friends both in social and business life. This popular young couple have the best wishes of a very large circle of friends for a long and happy life, with out even a shadow to sicken them.

Not This Time.

Hon J A Sullivan, who has been sick at Frankfort since before the Legislature adjourned, has recovered sufficiently to go to his home at Richmond. He has been very prominently mentioned as a candidate for Congress from the Eighth District, but it is believed that he will not oppose Hon

Harvey Helm for re-election, but will get in line for next time. The newspapers over the state are saying many nice things of Mr Sullivan in regard to his being the next democratic candidate for governor, and we believe his party will insist upon his accepting this nomination.

A Poor Rule.

It has not occurred to some benighted, perhaps, that their wives should earn the living during leap year; to other husbands it has never occurred that their wives should not earn the living every year.

Wet or dry seems to be quite an issue in many states and in many counties of the different states. Illinois voted this week on the question with the result that many counties voted dry, while an almost equal number concluded to continue the present system of irrigation. It is a wise provision to have these elections divorced from politics as much as possible and holding elections to determine whether a place shall be wet or dry at some time other than during a general election. Better and more satisfactory conditions are more likely to prevail.

A prominent writer on hygiene insists that persons should never eat except when they are in a cheerful mood. Wonder what he is up to, anyway? Does he desire to have a lot of persons starve to death?

The depositors in a defunct Japanese bank petitioned the president of the institution to commit suicide. That was much better form than to lynch him, thought no doubt not so effective in results.

Easter is sufficiently near at hand that the latest creation in the window of the milliner is holding the attention of the daughters of Eve and even more man now and then takes a peep at the price tag.

A man with a bullet proof head has been found down in New York. But he is not the only fellow with a thick head down New York way.

Few men are fools by the act of nature, but there are a whole lot of fellows who make fools of themselves by choice.

Most of us are always willing to look at the best side of an untoward thing, but are too often unable to find it.

The good some people do consists mainly in their being perfectly harmless.

Death Was On His Heels.

Jesse P Morris, of Skipper, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. At a meeting of the Ladies' Working Society of the Fork Church, the following resolutions were adopted:

Whereas, it has pleased God to call our sister, Mary Elizabeth Marksberry, from her place in the Ladies' Working Society to the reward which is laid up for those who labor in the Lord, be it Resolved, that we record upon our minutes our appreciation of her life and work among us. She was one of our charter members, for many years a faithful officer both as secretary and treasurer, and one of whom it can be truly said, "She always did what her hands found to do." Our loss is irreparable, but we know that for her we ought not to wish it otherwise. In the land of endless day "There shall be neither sorrow nor crying; neither shall there be any more pain, for the former things have passed away." Be it further Resolved, that we extend to her father and brother our sincerest sympathy, for we realize that their's is the greatest loss. Under the cover of His wings may they find refuge, and may His grace be sufficient for them. Be it also Resolved, that we send to her family and to the Central Record a copy of these resolutions.

Rheumatic Pains Relieved.

Mr Thos. Stenton, postmaster of Pontypool, Ont., writes: "For the past eight years I suffered from rheumatic pains, and during that time I used many different liniments and remedies for the cure of rheumatism. Last summer I procured a bottle of Chamberlain's Pain Balm and got more relief from it than anything I have ever used, and cheerfully recommend this liniment to all sufferers from rheumatic pains." "One Touch of Nature Makes the Whole World Kin."

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these letters is a warm hearted wish of the writer to be of use to some one else. This remedy is for sale by F P Frisbie. 1m

ers are going to give more attention to
the raising of good horses.

The executive committee of the
Kentucky Press Association is called
by President Lew B. Brown to meet in
Louisville at Seelbach hotel Saturday.
Every newspaper man has been invit-
ed to be present and a large number of
the quill-drivers will attend.

The Record office has been given the
order for handsomely engraved invita-
tions to the graduating exercises of
the Lancaster High School. We can

Improvement at Waterworks.
The City Council has ordered a car-
load of new sand to be placed in the
filter at the water works and the entire
system will be overhauled and cleaned.
As the lake is now full to overflowing,
this insures an abundant supply of
perfectly pure water during the sum-
mer.

Capt. Luther Herron, chief of police,
has issued a circular calling attention
of the people to the ordinance requir-
ing the cleanliness of property and
prohibiting throwing of papers and
other trash on the streets and alleys.
Pursuant to orders from the City
Council, he will enforce these laws to
the letter.

Remember the exchange to be held

tomorrow (Saturday). This is under
the auspices of the Daughters of the
Confederacy, and the ladies will ap-
preciate your patronage. Everything to

Easter Entertainment

The Junior Band of the Christian
Church will give an Easter cantata at
church on next Sunday evening at 7:30.
The public is most cordially invited to
attend.

The Greatest of Bares.

It is the man who knows everything
better than the fellow who made it,
who tries one's nerves. After a season
with a know-it-all it is refreshing to
get out near a frog pond and enjoy the
quiet.

The Hawk Law.

Within a few days a hawk head will
be worth \$1.00 to any one who presents it
to Kentucky County Clerk. The
law was passed at the last session of
the Legislature and will be in full force
and effect ninety days from the date
on which it was passed.

Progressing Nicely.

Messrs Haselden & Benzley have
been meeting with fairly good success
on the open house proposition, but
the people are not responding with the
rapidity such a worthy enterprise
calls for. The usual knockers are
knocking, of course, but we believe the
plan will yet succeed.

A Dangerous Practice.

There are a good many persons who
are in the habit of leaving horses stand-
ing on the streets not properly secured
to a hitch weight or post. This habit
should be stopped. In many instances
the life and limb of the public is
endangered. Hitch your old plug, and
you'll possibly save trouble.

City Council Should Act.

That hats worn by women this
spring are so large that it may be
necessary to enact an ordinance requir-
ing all women to head the same direc-
tion on the street. That is, one side
of the street for those going a certain
direction, and those going the other
way to take the other side. By this
means fatal collisions may be avoided.

Other Land Sales.

Since Hamilton and Elliott bought
the Beazley farm of 750 acres, Dr.
Elliott agrees to take 270 acres at
\$110 per acre. Beside this Mr Hamil-
ton has sold about 100 acres to B. F.
Hudson at \$100 per acre and about
150 acres to T. B. and James Walker at
\$100 per acre. These three include the
whole 652 acres on East of the Lexing-
ton pike, leaving 125 acres of the en-
tire tract on West side.

Republican Convention.

The Republicans of Garrard county
will hold a convention in the court
house, on the 25th, for the purpose of
selecting delegates to the state and dis-
trict conventions to select delegates to
the national convention. While there
are a great many left men in Garrard
yet it is likely that the delegates will
go unopposed, as a compliment to
Senator-elect W. O. Bradley, who is a
staunch supporter of Fairbanks. It
would be the nice thing to do, as this
is Gov. Bradley's old home.

Dripping Springs to Open.

Mr J. M. Rothwell has just returned
from Dripping Springs, where he and
his father, the clever "Big Injun," have
been superintending a lot of improve-
ments being made at the resort, and
getting everything in readiness for
the big business forecast this summer.
They propose to make the place even
more inviting than heretofore, and no
pains will be spared to furnish every
comfort to guests. Announcement of
opening will be made later.

C. W. B. M. District Meeting.

The meeting of the C. W. B. M. Dis-
trict will be held in the Lancaster
Christian church, beginning next
Tuesday morning. There will
be about forty delegates present from
Lincoln, Hancock, Madison, Pulaski,
Wayne and Garrard counties. Sessions
will be held Tuesday and Wednesday
mornings and afternoons, while the
evenings will be devoted to business
sessions. The public is cordially invit-
ed to attend all sessions, while the even-
ing meetings will be made of especial
interest to the people. The Record is
printing the four page programme,
which is of unusual interest.

Farmers Are Happy.

The farmers are happy at last.
Though their tobacco has been selling
around 15 cents, their corn now at 45
per barrel, and other products accord-
ingly, they have had a grave grievance
against the hog market, which for
some months has been low, says the
Richmond Register. Now, however,
their smiles are radiant, for the
market had begun and jumped with
bounds up to the rocky figure of six
cents and a comfortable fraction over.
Cattle are likewise on the rise. Last
week the Wells purchased over \$50,000
worth of export cattle in this county
at prices ranging from 5 1/2 to 6 cents.
The cattle were principally the herds
of H. B. Hanger, Harvey Cherritt and
A. K. McCowan. With these two big
staples going at such good prices, and
talk of hard times is over.

Just Think of It.

There no doubt has gone out of
Garrard county during the past dozen
or fifteen years thousands of dollars in
the form of investment in speculative
schemes, without projects and vision
any "companies." Little, if any, of
this vast sum has ever returned and it
is very doubtful if any more will find
its way back into the county. If it
business. Just stop a moment and
figure what that amount of money
would have done for Garrard county
had it been invested in some prop-
erty, industrial concern. As the thing
turned out it would have been better
for those who sent their money away
to have donated it to factory fund, but
not one would have thought of doing
such a thing, and yet in the end it
would have profited them more than
has the investments they have made.
Fifty thousand dollars put to work to
develop Garrard would make the county
thrived of her people and the envy
of the outside world.

A very pretty affair, which occurred

given at the home of Mrs R. T. Embry.
The decorations were unusually beau-
tiful. The drawing room, library, sitting
room, halls and dining room were all
thrown together and plants and flowers
were used. The dining room was
adorned in red. The table was covered
with a vase of red carnations and here
and there cut glass bowls and platters
filled with beautiful confections. De-
licious coffee, chocolate, sandwiches
and wafers were served and during the

claiming hours frappe was served.
Mrs Embry received in a gown of
white silk; Miss West in a beautiful
gown of white batiste trimmed
elaborately in lace; Miss Browning
wore a blue silk gown; Miss Herndon

Patchless

Trotter; bay roan stallion 15½ hands, foaled 1903,

Patchless.

Patchless is a bay, roan stallion, 15½ hands high, 5 years old this spring, he is a grand individual possessing size, style, action, bone, and finish, to a degree rarely found in a trotting stallion. As sound a horse as lives, with the best of eyes, feet and legs, and with so much natural style and action, that he is bound to make a great breeder. He has never been trained a day, but has plenty of natural speed, and is so well gaited and richly bred that he is sure to make a fast horse with a little work. From his breeding on preceding page you will see that Patchless is very richly bred in producing lines, being by that good stallion Patch More 11258, record 2:24 and his dam a full sister to the great race mare Mazette 2:04, and two others, while his second dam is a great brood mare being the dam of three with fast records. In this young stallion is combined the blood of George Wilkes, Mambrino Patchen and Strathmore, three of the greatest progenitors of speed known to the trotting turf. You can make no mistake in breeding to Patchless for should you fail to get a trotter, his produce are sure to have so much natural style and action that you will find a ready sale on any market. Patchless will make the season of 1908 at my stable on the Buckeye and Lancaster Pike at only \$12.00 to insure a living colt. A lien retained on colt to secure the service fee. Care taken to prevent accidents and escapes, but not responsible if any should occur.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablets—takes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a fact in 20 minutes, the tablets simply distribute the unnatural blood pressure.

Brute your finger and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

Doctor The Itch Where The Itch Is.

Don't Dose the Stomach to Cure Eczema and other Skin Disease.

Those afflicted with Eczema, psoriasis, salt rheum, or other skin disease of similar nature, should never dose the stomach to rid themselves of the terrible itch. They should doctor the itch where the itch is—cure the skin through the skin, not through the stomach.

Eczema and other diseases of a kindred kind are skin diseases—not blood diseases. Science has shown that Eczema is caused by germs in the skin, and that the disease can be eradicated only by killing the germs.

Dr. Decatur D. Dennis was one of the first physicians to follow out the germ cry in skin diseases. Then he discovered that by mixing oil of winter green with other soothing agents he had a liquid prescription which killed the germs and cured the awful itch leaving the skin white and smooth. Since that time this D. D. D. Prescription has been the standard remedy for skin diseases, just as D. D. D. soap is the standard high grade skin soap.

The first few drops of D. D. D. give instant relief from the terrible itch and from the frightful burning of the diseased skin. So reliable is this D. D. D. remedy that hundreds of physicians prescribe it. It is a wash as thin as water and as mild as pure, which is applied to the diseased portion of the skin.

Mrs. Frances Richmond of Milton, Trimble county, Kentucky, writes: "My little girl's fingers were sore all almost the bone from Eczema. I used part of sample bottle of D. D. D. Prescription received from you and now they are well. It is a wonderful skin remedy."

We carefully investigated this D. D. D. Prescription before recommending it to our neighbors and patrons, and after a long experience we are more than ever convinced of its wonderful merits. R. E. McRoberts, Lancaster.

You needn't decide now, but call at our store any way and we will show you how this D. D. D. Prescription gives instant relief from itch.

Feet Swelled From Frightful Eczema

Could Not Wear Shoes—Cured by

D. D. D. Prescription

Read This Letter From a Columbus, Ohio Business Man.

Columbus, Ohio, Nov. 5th, 1904.

Gentlemen: For several years I was a sufferer from Eczema, the affliction affecting my hands, arms and feet. At times my feet became so swollen that I could not wear my shoes, while the constant itching of the eruption on my hands and arms became almost unbearable. Upon the recommendation of another sufferer as myself, I began the use of D. D. D., and it gave me immediate relief. I have not fully recovered from my ailment, and I give D. D. D. the credit for affecting what is to me and my friends, a marvelous cure.

Truly yours, GUY J. GOBLE.

Don't be fooled into thinking that skin troubles come from blood impurities, and don't ruin your stomach with purges and blood remedies. Eczema and all skin diseases are caused by little germs that attack the skin externally. D. D. D. Prescription kills these germs and leaves the skin clear, soft and healthy. Its work seems almost miraculous. If you are skeptical go to the druggist whose name appears below and he will show you photos and proofs positive that D. D. D. will actually cure any and all skin diseases.

I make a specialty of treating all diseases of domestic animals, horses, hogs, dogs, sheep and cattle. I also feel that I can claim a proficiency over a great many of my brother professionals. Having practiced my profession forty two years with good success, twenty one years in Canada, and twenty one years in this country, yet I do not claim to know it all and neither am I a "cure all." I make a specialty of removing all kinds of enlargements or malformation of stock, namely: Shoulder blades, waris, abscesses, poliovi, fistula, ring bone, blood bog and bone spavin and lameness from whatever cause it is kind. I also have a patent clip for cracked hoof. Call and see me while I am here.
